A diagram showing a 4x4 grid. The grid is divided into four 2x2 quadrants by a vertical red line and a horizontal red line. The quadrants are shaded with red diagonal lines. The top-left and bottom-right quadrants are shaded with red diagonal lines sloping down from left to right. The top-right and bottom-left quadrants are shaded with red diagonal lines sloping up from left to right. The grid is also divided into four 2x2 quadrants by a vertical blue line and a horizontal blue line. The quadrants are shaded with blue horizontal lines. The top-left and bottom-right quadrants are shaded with blue horizontal lines. The top-right and bottom-left quadrants are shaded with blue horizontal lines.
